“We have built a balanced portfolio of products and services that can be of short term and long term benefit to every electronic company in business to-day”

From the desk of Ron Morris:
President of IECX, LLC
Rep for CADEKA Microcircuits and Force Technologies products and services

Ron Morris
President
IECX, LLC

Hello,

Thank you for taking a moment to review the following information. I understand that your time is more valuable than ever with the current economic conditions so I will be brief in our introduction letter.

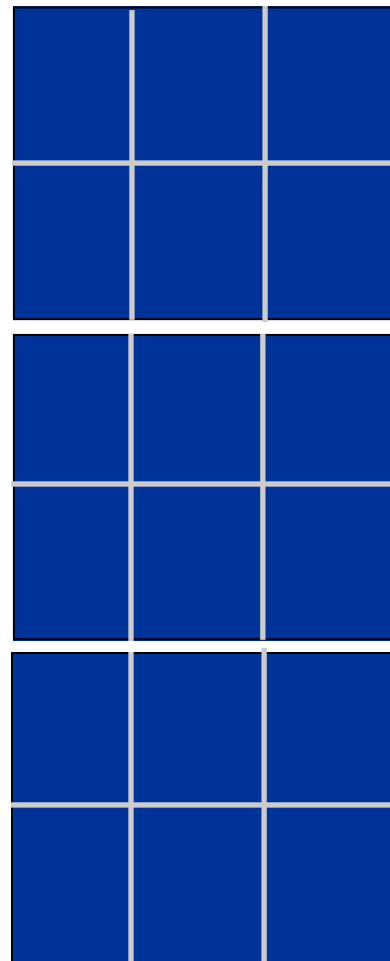

IECX, LLC has negotiated several rep contracts with many niche market semiconductor manufacturer’s that provide legacy and replacement products for many of the top semiconductor makers worldwide. (Listed below) The majority of the products manufactured in our line are using the original manufacturer’s wafer to produce replacement products and many of the manufacturing facilities are ISO9001 and AS9100 certified allowing us to provide you with Hi-Reliability product solutions for your “End of Life” issues.

In addition to your “EOL” resource, IECX, LLC is also promoting the latest semiconductor products released by manufacturer’s we carry in our line card. These newly designed products will provide our customers with high quality parts with life cycles that meet our customer’s requirements.

We have built a balanced portfolio of products and services that can be of short term and long term benefit to every electronic company in business today.

In closing, I would like to say that we pride ourselves on our customer service and would appreciate the opportunity to service your account in a manner that works for you.

Regards,
Ron Morris
President

IECX, LLC

Providing Quality Replacement Products for the Following Brand Name Manufacturers:

- | | |
|-------------------------------------|---------------------------------|
| Agilent Technologies | Intersil |
| Altera | Kota Microcircuits |
| Advanced Micro Devices (AMD) | Linear Technology (LT) |
| Analog Devices | Maxim |
| Atmel Corp | Micron Technology |
| APTA | Mosaic Memory (Now APTA) |
| Austin Semi Inc | Motorola |
| Comlinear | National Semiconductor |
| Cypress Semiconductor | On Semi |
| Dense Pac Microsystems (DPAC) | Raytheon |
| Elantec (Now Intersil) | Spansion |
| Fairchild Semiconductor (FSC) | Temic (Only as Matra MHS) |
| Harris Semiconductor (Now Intersil) | Texas Instruments (TI) |
| Hybrid Memory Products (Now APTA) | Vishay |
| Hewlett Packard (Now Agilent) | White Elect Designs Corp (WEDC) |
| IDT | WaferScale (Now STM) |
| | Xicor |

Legacy Products

Drop-in-Replacement Product Design Service

Alternative Sourcing Options

Value Added Services

Product Categories:

- | | | |
|---|---|--|
| <ul style="list-style-type: none"> • Amplifiers <ul style="list-style-type: none"> High Performance Hybrid Instrumentation Video • ASIC • Comparators <ul style="list-style-type: none"> High Speed | <ul style="list-style-type: none"> • Converters <ul style="list-style-type: none"> Analog-to-Digital Converters (ADCs) Digital-to-Analog Converters (DACs) • Diodes • FPGA • Logic | <ul style="list-style-type: none"> • Memory <ul style="list-style-type: none"> DRAM EEPROM Flash SRAM UVEPROM • Micro Controller • Photo Sensors • Regulators • Transistors |
|---|---|--|

Value Added Services:

- | | |
|--------------------|--------------------------|
| Manufacturing | B.O.M. Monitoring |
| Custom Design | Test/Upscreening |
| Replacement Design | Authenticare |
| Engineering | Re-Balling |
| Legacy Storage | Inspection and Packaging |
